

Last Call: 3 PhD positions in Discrete Mathematics at TU Graz (Austria)

Doctoral Program Discrete Mathematics (in its second phase 2015-2018) offers an advanced PhD training and research program.

It is run jointly by

- Graz University of Technology,
- University of Graz,
- University of Leoben,

and funded by the Austrian Science Fund (FWF) and the three supporting universities.

There are **3 PhD positions** still available on the projects:

- P01 **Random walk models on graphs and groups** led by Wolfgang Woess,
- P04 **Fractal analysis and combinatorics of digital expansions** led by Peter Grabner,
- P14 **Random graphs on a surface** led by Mihyun Kang.

We offer PhD positions in duration for up to 4 years and a gross salary of 27.900 EUR per year. Optional teaching is compensated separately. There is additional funding for extended stays abroad.

The official language of the program is English.

For project descriptions, as well as the formal application criteria, see

<https://www.math.tugraz.at/discrete>

Applications should be sent as a **single PDF file** by e-mail to

discrete2015@tugraz.at

Candidates are encouraged to have confidential reference letters by their master thesis advisor, and if possible also by one or two internationally recognized researchers, being directly sent to the e-mail above.

The deadline for applications is **September 15, 2015**. A selection of candidates will be invited for an interview which will take place in October, 2015.
